

# Graysen Woods

Always Moving Forward

## A Sound Investment - Safe and Reliable Graysen Woods Hearth Pads

### Ceramic Series

#### **Tested for Safety**

- All Graysen Woods Pads are tested and listed to the highest UL safety standards for ember protection under listed hearth appliances to ensure you have a safe and approved installation.

#### **Save Your Carpet**

- Graysen Pads are approved to put directly on carpet, no other backing is required. *No*, you don't need to cut a hole in the carpet to use a Graysen Hearth Pad!

#### **Quality is Always First**

- Whether custom sized or standard, all Graysen Hearth Pads are made with the highest quality tiles which are sourced from around the world to ensure a lifetime of durability and beauty.

#### **A Strong Foundation**

- High Tensile strength polymer mortar and grout combined with superior density backing board provide the foundation for Graysen's superior design.

*(Below) 2007 Vesta Award finalist Hearth Maximizer in Oak with a Coffee finish and Natural Slate Hearth Pad.*

## Give Your Stove a Raise

Place your freestanding appliance a step above the rest with a Graysen Woods **Hearth Pad Riser**, **Hearth Enhancer** or **Hearth Maximizer**. Raising your hearth up makes it easier to tend and admire your gas, wood or pellet appliance. The **Hearth Enhancer** features a drawer for you to conveniently store kindling, tools, firelighters or a fireplace remote.

Graysen Woods Hearth Pads and Risers  
Built to last in the USA.

*You don't need to go to the Moon to find a Graysen Woods pad, we have them right here*
